## Unique @ GITAM

GIM adds an unmatched academic rigor to its students as a distinct advantage. Adjunct and additional co-curricular facilities and academic extension activities offered by GIM provide students access to a range of learning, development and enrichment experiences. These programmes promote academic rigor and provide opportunities for critical analysis with an emphasis on higher order thinking. The programmes are inclusive, dynamic, and provide an overall positive environment.

**SOFT SKILLS DEVELOPMENT :** In order to meet the corporate requirements, GIM has introduced Personality development training program for all the students with trainers from reputed training agencies in the country. Each student takes a comprehensive Psychometric and English Proficiency test to know the present skill sets. Thereafter career guidance is offered by a psychologist. Based on the feedback from the test, a detailed training module is designed by the counselors.

**BUSINESS ENGLISH CERTIFICATE (BEC) :**  
from Cambridge University, UK  
GIM is the first college in AP, to have received MoU from the British Council to deliver industry sought Business English Certificate program of Cambridge University. After the diagnostic test, training is offered to students in BEC modules. At the end of the training and examination the students receive certificate from Cambridge University in either BEC Preliminary, Vantage or Higher. This program has been made mandatory for all the students.

**BUSINESS SIMULATION :** The students of GIM compete in the CAPSTONE Business Simulation as part of their curriculum. The simulation will help students to make their decisions on a number of issues while running the company they represent. This is highly productive in preparing students for competitive world. Also this will equip the students to improve team working skills, decision making and leadership qualities while applying business knowledge they have learnt.

**CERTIFICATE PROGRAMS :** In addition to the intensive trimester curriculum the students of GIM also can get certifications in upcoming areas in Management concepts & models. These programs are offered by practitioners from Industry or Eminent faculty from reputed B-Schools. This will challenge the highly intelligent students in the class with additional knowledge and certifications.

**CURRENT BUSINESS AFFAIRS:** GIM believes that all management students should know about the ecosystem in which they operate. Hence this program was introduced by giving personal copy of Business World/Business India and Business Line for all the students. The students are expected to go through it regularly. Assessment is based on what they have understood through online test and Group Discussion

**YOGA AND MEDITATION :** Healthy mind demands healthy body. Today's competitive environment generates stress and to cope with this stress students need to develop mind control which is possible through meditation. To train the students in this line, the institute organizes Yoga & Meditation classes.

## INSTITUTION LIBRARY :

The Institute has rich collection of management books, journals and self improvement books located at Management Information Centre and Department libraries within the premises.

## AUDITORIUM / SEMINAR / CONFERENCE HALL :

GITAM maintains well equipped centrally air-conditioned conference halls with seating capacity of 200, 500 and 750. The Institute has a mini conference hall with seating capacity of 60. Balayogi Kalapranaganam, an open air auditorium, with a seating capacity of 1500 provides the right aesthetic environment to organise cultural events.

## OTHER FACILITIES :

The campus is having captive facilities for banking, shopping, Sports, Gymnasium, Post Office, Food Courts and telecommunications.

## COMPUTER / IT FACILITIES :

The Institute has a computer lab with 204 desktops with internet service and 60 workstations at the HSBC Language Learning Centre.
